Dear Parent/Legal Guardian:

Re: Immunizations for Seasonal Flu

This information is for parents who signed up to have their child receive a SEASONAL FLU vaccine through the District.

The District has been notified by the San Patricio County Health Department that the SEASONAL FLU vaccine has been ordered. However, as of this date, there is no definite arrival date for the vaccine. Parents that have signed up for their child to receive the SEASONAL FLU vaccine will be notified when the vaccine is delivered and a date to receive the immunization is scheduled by the District.

If you do not wish to wait on the District's order for your child's vaccine, you are encouraged to contact your family physician or a local establishment, such as Wal-mart, H.E.B. or CVS. The SEASONAL FLU vaccine will be limited to the number of students who turned in the form to receive the vaccine by the September 22 due date.

You will be notified when the SEASONAL FLU vaccine has arrived for our District and a date for the immunizations has been scheduled.

Sincerely,

A handwritten signature in cursive script that reads "Paul Clore".

Paul Clore, Ph.D.
Superintendent
