  - **Important!** If parents are unable to register their child at the designated dates/times, parents may call 777-4042 to make an appointment with the counselor to register their child before the first day of school.
- ***High school (9<sup>th</sup> through 12<sup>th</sup> grades):***

  - **Important!** The counselors give every student adequate individual time and attention during the registration process. Therefore, each student should call and make an appointment with a counselor to complete his or her registration process. If students walk-in without an appointment, every effort will be made to serve students in a timely manner; however, there may be a very long waiting period. In the past, this waiting period has required some students to return on another day in order to meet with a counselor!

**Required Documents:** State and federal law requires certain documents as part of the enrollment of students who are new to a school district. These documents must be brought to the school for registration.
