By completing this application, you allow the Gregory-Portland Independent School District (GPISD) to make your student's school information such as attendance, grades, schedule, and demographic information available by means of the Internet on a website that is secure and accessible by a login and password. Each parent/guardian will be provided a unique login and password that will access only their student(s) information. To maintain privacy, your login and password should not be shared with anyone.

GPISD will not make your login or password publicly available. The records for your student posted on the website can only be accessed by the parent/guardian who currently has access to the student's written school records and has applied for a valid login and password. You may cancel this service at any time by contacting the campus administrator in writing.

Please note that at a later date high school students and possibly students at other grade levels will have access to their records electronically through another service, Student Access.

Be aware, however, that disclosure by GPISD, including the contents of the website, may occur in the event such information is required by a court subpoena order, a decision or directive from the Attorney General's office, or other reason required by law.

You understand and agree that GPISD is not responsible for unauthorized Internet access to your student's records by persons who do not have your consent. By signing the signature line below, you confirm that you understand and accept the guidelines and conditions for access to your student's records and you waive any claims or causes of action that you may have against GPISD by reason of such unauthorized access.

Please return this form in person to any campus on which you have a student enrolled. You must have a government issued picture ID when you submit the form. Note: If you have students attending an elementary campus as well as one of the other campuses, you may want to submit your form at the elementary campus. It may take less time to submit and process your application through an elementary campus since the elementary campuses have smaller student populations.
