Welcome to an exciting and rewarding role as a substitute teacher!

Substitute Teaching can be a great professional teaching experience. It gives you the opportunity to explore grade levels, subject areas, and schools. You can choose which assignments you take and the days that you work. However, "Murphy's Law" also is the Rule of the Day, too. If something can go wrong, it usually will.

Notice:

The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. Not all district policies and procedures are included. Those that are, have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to the Office of Human Resources.

This handbook is neither a contract nor a substitute for the official district policy manual; nor is it intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to and a brief explanation of district policies and procedures related to employment. The information in this handbook is subject to change. Changes in district policies may supersede, modify, or render obsolete the information summarized in this book. As the district provides updated policy information, employees accept responsibility for reading and abiding by the changes.

For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate district office. District policies can be accessed through Gregory-Portland ISD's website at www.g-pisd.org.

Substituting After Texas School District (TRS) Retirement

A **SUBSTITUTE** for TRS purposes is a person who serves on a temporary basis in the place of a **current** employee. A retiree *cannot* serve as a substitute in a vacant position (www.trs.state.tx.us).

TRS Guidelines

- Retirees who retired before January 1, 2005 may sub in a vacancy with no penalty to the retiree or the school district.
- Retirees who retired after January 1, 2005 but before January 1, 2011 may sub in a vacancy IF the district agrees to pay the penalty levied by TRS.
- Retirees who retired after January 1, 2011 **MAY** sub in a vacancy however **THEY WILL LOSE THEIR MONTHLY TRS ANNUITY PAYMENT.**
 - Retirees are urged to contact the G-PISD payroll supervisor before accepting ANY substitute assignments in a vacant position.
- Gregory-Portland ISD cannot and does not make any guarantees regarding the employee's continued right to receive retirement benefits.
- The employee is responsible for their own investigation and understanding of the law, guidelines, rules and regulations regarding employment after retirement and is not relying on any statements made by the District or the District representatives regarding the effect of employment on the employee's retirement benefits.
- If it is determined the District must report the employment of the retiree to TRS, the employee understands the requirement and agrees to take no legal action against the District, its Board of Trustees, Superintendent, or any employee or agent of the District for any loss or reduction in the employee's retirement benefits.
- Substitute services performed at least 90 days during the school year may be credited towards retirement. Eligible individuals are responsible for contacting TRS for further information.

Application Process

Substitute employment occurs according to the current needs of Gregory-Portland ISD and the qualifications of the substitute applicant. An application must be completed in order to be considered for substitute services. The application packet may be obtained from the Gregory-Portland Human Resources department. All new substitutes MUST attend a new substitute orientation session.

Fingerprinting Requirement

Prior to employment: Senate Bill 9 requires expanded criminal history information reviews of school district employees and other persons who have contact with students. Individuals required by Senate Bill 9 (SB 9) to submit fingerprint information to the Texas Department of Public Safety (DPS) are:

- All certified educators
- All noncertified employees
- All classroom substitute employees, whether certified or not
- Contractor employees who may have direct contact with students, including independent contractors and employees of subcontractors
- All others who have direct contact with students, including coaches and tutors

During employment: National criminal history information will be entered into the TXDPS FACT Clearinghouse. This database provides the District with access to an employee's current national criminal history and updates to the employee's following criminal history. Gregory-Portland ISD will be notified of new information received while the substitute is an active employee.

Any adverse notification from DPS FACT Clearinghouse may result in immediate removal from the substitute system.

Campus/Job Acceptance

Substitutes are expected to accept assignments at **all** locations.

Although the District uses AESOP "call-out" system, it is your responsibility to seek assignments through the online AESOP portal to ensure you receive assignments.

Substitutes accept assignments on the campus for an employee. However, it is possible a substitute will be placed in a classroom different from the accepted job, as needed.

Job Cancellations, No Shows, Tardiness and Job "Shopping"

Cancellations: The campus and the district **count on substitutes to fulfill assignments once accepted.** A substitute needing to cancel an assignment must do so as early as possible to allow

the job to be released back in the system. It is NEVER acceptable to cancel a job once any part of the job has begun or within an hour of the start time of the job.

Tardiness: Substitute educators are expected to arrive **on time** and communicate with the campus when unexpected delays arise.

 - Students should not be released from the classroom without written notification from the office, another teacher, or a principal.
 - Use discretion and caution when issuing hall, restroom, library, counselor, nurse and office passes.
- UNDER NO CIRCUMSTANCES SHOULD A CLASS EVER BE LEFT UNATTENDED. Ask a neighboring teacher to oversee the class or notify the office immediately for assistance.

- Never accept money for any reason unless instructed to do so by campus administration. Money should not be left unattended at any time. Never lend students money for any reason.
- Report incidents and issues to the front office or a campus administrator as soon as possible.

At the End of the Day:

- Participate in after-school dismissal duty as required by each campus. Be sure to know which students are walkers, bus-riders, car-riders, daycare/afterschool care program attendees, etc.
- Escort Elementary students to the appropriate location and ensure they are on the correct bus.
- Leave a short summary for the teacher or aide and be sure to sign it.
- Leave the classroom in order, with chairs, desks, and all items in place.
- Sign out in the main office with the campus substitute manager.
- Return any keys, supplies, etc.

Active Supervision – Student Discipline

Substitutes are responsible for the control of the class, not disciplining students. The campus administrator and neighboring teachers will assist with problems out of control of the substitute. It is **normal** for students to “test” the substitute, however, do not let students get out of control. The students and the District expect the substitute to be in charge of the room. Techniques for classroom discipline include the following:

- **ARRIVAL – BE ON TIME** to allow the opportunity to become acquainted with the school’s procedures, the teacher’s lesson plans, the room layout, etc.
- **FOCUS** – Be sure to have the attention of all students before beginning the lesson.
- **DIRECT INSTRUCTION** – Begin each class by telling students exactly what will occur during their class time.
- **ROUTINE** – Present the material that the teacher has prepared for the substitute. If unsure of the directions, ask another teacher. The job of the substitute is to deliver the teachers’ instructions to the students.
- **MONITOR** – Stand and do not sit. The substitute cannot circulate the room if sitting.
- **MODEL** – Values and behaviors are caught not taught.
- **NON-VERBAL CUING** – Facial expressions, body posture, and hand placement often say more than words. Be mindful of the cues you are sending to students and others.
- **LOW-PROFILE INTERVENTION** – Do NOT argue or try to get louder than the students. Remain calm at all times. The substitute is the adult in all situations.
- **I-MESSAGES** – “I need you to...,” “I want you to...,” “I expect you to...”
- **FOLLOW THE RULES** – Follow the classroom rules set by the teacher and/or campus. DO NOT deviate from the rules, even if in disagreement.

- ESCORT – Remember to escort classes at the elementary level to and from all locations around the campus (ie. Cafeteria, recess, P.E., library, etc.).
- BE PREPARED – Have a plan in the event the students complete their assignment early.
- **NEVER touch a child. Follow a HANDS OFF approach at all times.**

Accidents/Illness/Incidents

If a **child** becomes ill, has an accident or is injured in any way, the student should be accompanied to the nurse or an administrator immediately. In the case of a serious illness, accident or injury DO NOT move the student. Send for the school nurse and an administrator immediately.

If the **substitute** becomes ill or is involved in an accident, report to the nurse and/or an administrator immediately.

All incidents involving a substitute teacher, whether actively involved or merely a witness must be reported. Examples include, but are not limited to: harassment/bullying, injury, theft or damage.

Medications

Students will not carry medication. It **MUST** be checked in with the nurse. If you see a student with medication, contact the nurse and send the student to the nurse's office immediately.

Students that take medication during the day must see the nurse. The teacher should leave information about students that are required to visit the nurse each day in the substitute folder. If a student informs you that they need to go to the nurse for medication and there have not been instructions left by the classroom teacher: Call the nurse to confirm and then send the student to the nurse's office.

Safety

The District shall take every reasonable precaution regarding the safety of its students, employees, visitors, and all others with whom it conducts business. The Superintendent or designee shall be responsible for developing, implementing, and promoting a comprehensive safety management program and safety manual.

Fire Drills

Drills will be conducted regularly throughout the year and may be announced or unannounced. Exit procedures will be posted in each classroom as well as in the substitute folder. You must follow the procedure and participate in the drill. Remember to take the student roster with you to verify that all students you are responsible for have safely exited the building with you.

Lockdown/Intruder

If a violent person or a person with a weapon is detected in the building, notify the office immediately to activate a lockdown. Provide as much information as possible – description,

location and target (if known). A lockdown is initiated by an announcement over the public address system using the term “lockdown.”

Personnel should:

1. Bring students in nearby hallway into the classroom.
2. Secure each class behind a locked door.
3. Move students to the least visible area of the classroom.
4. Turn off the light.
5. If possible, close blinds or otherwise reduce view into the room.
6. Do not open the door to anyone, authorized personnel will have a key.
7. Stay in lockdown until police provide direction and release each classroom one by one.
8. If the intruder threat is active on your campus, once the police determine there is no longer a threat, students and staff will be evacuated outside the building in a methodical manner to a predetermined location. If your campus is on Lockdown due to paired campus Intruder Alert, your campus will follow all Lockdown procedures and remain in Lockdown, until police release each classroom one by one. Your campus will not be evacuated.
9. If outside the building, do not re-enter the school, evacuate to a predetermined safe location off campus.

Reporting Suspected Child Abuse or Neglect

A substitute who has cause to believe that a child’s physical or mental health or welfare has been or may be adversely affected by abuse or neglect by any person shall make a report to local or state law enforcement agency and the Child Protective Services Division of the Texas Department of Protective and Family Services. The campus principal should be notified immediately of any suspected child abuse or neglect.

Bullying

There are nationwide efforts going on to reduce and prevent bullying in schools. It is the responsibility of teachers to help in these efforts. Bullying is defined as unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Bullying happens to many children, adolescents and even adults. It can happen verbally, physically or even electronically. As the substitute teacher, students may reach out to you if they have experienced bullying. It is an unacceptable behavior inside or outside of school. If a student reaches out to you with bullying concerns, listen and then let campus administration know immediately.

Tips from Campuses to Help You Be Successful

Establishing Your Leadership

Establishing yourself as an authority figure may be challenging or intimidating, especially if it's the first time you have taken on such a role. In order to gain the respect of the students you must look and act the part of a confident, capable leader. Have a practiced plan to establish your leadership before you arrive at the campus.

Campus Breakdowns

Gregory Portland ISD is a unique district that serves a broad range of students. As a district we have very high expectations of our students, employees, and campuses. Elementary campuses house students in grades Pre-K-5th. The Middle School campus serves students in grades 6th - 8th, while the High School serves grades 9th -12th.

Understanding Elementary Aged Students:

Pre-K and Kindergarten

ECC – Pre K and Kinder Children will range in age from 4 to 6 years old. Students begin learning their alphabet, counting, site words, reading, basic math, rules, and manners. It is very important that you stay with the class at all times. Never leave them alone. They walk together to and from lunch, recess, PE, etc.

1st and 2nd

Children will range in age from 6 to 8 years old. Primary students will focus their learning on Math and Reading. Site words, rules, and manners are continued at the Primary campus. Never leave them alone. They walk together to and from lunch, recess, PE, etc. 2nd grade students switch classes.

3rd and 4th

Children will range in age from 8 to 10 years old. Students will have switch classes. They will stay with the same classroom when they switch. The students learn English, Reading and Writing and switch classes to learn Math, Science and Social Studies. Never leave them alone. They walk together to and from lunch, recess, PE, etc.

5th

These students will range in age from 10 to 11 years old. Classroom management is key at this age. They will stay with the same classroom when they switch. The students learn English, Reading and Writing and switch classes to learn Math, Science and Social Studies. Never leave them alone. They walk together to and from lunch, recess, PE, etc.

General “Don’ts”

- Don't transport students in a vehicle.
- Don't show unauthorized movies or other materials.
- Don't bring food for students.
- Don't eat your own food in the classroom when students are present.
- Don't find yourself alone with a student – stay within view of others. There is no reason for a substitute to be alone with a student.

- Don't touch students – Remember HANDS OFF!
(Ways to help students without touching include)
 - Getting at eye-level to express concern.
 - Speak compassionately by finding out their concerns and responding appropriately.
 - Offering a stuffed animal instead of a hug to calm an upset student.
 - Cheers/Chants/Drumming on table tops/Stomping feet on floor to celebrate.
 - Air gestures, hi-fives, handshakes, fist bumps.
- Don't engage in negative conversations or gossip.
- Don't discuss personal matters with students.

When Children Hug

Touch is an important connection factor for all human beings. Young children may often seek to hug, touch, or even cling onto you. When this occurs, follow these 3 guidelines:

- Don't Pull Away Unkindly
- Be Kind and Redirect the student
- Give a Side Hug

Student Diversity

The modern classroom is filled with an ever-diversifying population of students, many of whom have differing needs. Students will differ racially, culturally, spiritually, physically, emotionally, behaviorally, and intellectually. Special plans and programs are implemented to help students who need extra assistance and to provide stimulation to those who are advanced in certain or many areas.

Children who are struggling in school may qualify for support services, allowing them to be taught by trained staff in a special way, for a variety of reasons including, but not limited to:

- Learning disabilities
- Behavioral disorders
- Emotional disorders
- Autism
- Sensory impairment
- Speech or language impairment
- Physical impairment (orthopedic)
- Developmental delay

Things to know About Working with Paraprofessionals

It's important when you begin substitute teaching that you understand the responsibilities of the position. A substitute teacher is treated as if he or she is the full-fledged classroom teacher.

In your substitute teaching assignments, you may work with paraprofessionals, also known as teacher's aides or support professionals. Paraprofessionals have become an integral part of the modern classroom. They may be placed with a class or with an individual student.

They are most frequently tasked with:

- Tutoring students in areas of literacy and mathematics
- Providing support to students with special needs

Because you are serving in the place of the classroom teacher, you are in charge of the room, and ultimately, the well-being and learning achievements of the students. This means you do not leave the paraprofessional in charge unless lesson plans specifically indicate to do so.

If you are working with an experienced classroom teacher, he/she should be able to offer you a great deal of guidance.

Confidentiality

Confidentiality is extremely important. You are working with minors and there are expectations and even legal constraints when it comes to their privacy.

Crossing Lines of Appropriateness:

“Loose Lips Sink Ships”- It is a very rare instance that NOT TALKING about something gets you into trouble; but **talking too much** or about the **wrong things** can easily get you into really big trouble!

HIPAA and FERPA

It would be helpful for a substitute to have all student information, however, it is illegal for the teacher or para to provide confidential student information. There are two areas of confidentiality determined by LAW:

HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) makes it **ILLEGAL** for a teacher or para to share a student’s medical information with **ANYONE** including the substitute.

FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) makes it **ILLEGAL** for a teacher or para to share information about a student’s grades or behavior with **ANYONE** including the substitute.

Classroom Management

All successful substitutes develop tried-and-true techniques of managing classroom behavior and keeping lessons on-track in positive ways. This lesson will give you the foundation of these techniques.

Skills that will help in managing a classroom:

Positive Phrasing – communicating as clearly as possible

Pause Time – listening effectively

Positive Phrasing

Examples of Positive Phrasing

Positive Phrasing is a very efficient way to instruct children and teens to elicit the behavior that you **DO** want from them.

We all use negative commands quite frequently, but negative commands are not efficient at eliciting the behavior that we want from kids. Take a moment to think of some other common commands for kids and how they can be reworded to be positively phrased instead.

Negative	Positive
Don't Run!	Walk
Don't Yell!	Speak Softly. Use your inside voice
Don't hit!	Keep your hands to yourself
Don't do that!	Remember our agreement
No eating in class	Put the food away
Don't forget your homework	Remember your homework

Pause Time

Most people are under the impression that they are “good listeners,” however; many of us are not as good at listening as we think. Developing good listening skills is an essential part of communicating effectively.

Our brains have a natural tendency to make associations. When others speak, the brain brings up related information. This draws our attention to our own thoughts and away from the speaker. So how do you get around the brain's natural tendency to stop listening? The answer is to use Pause Time. Using Pause Time is simple. Here is an example:

- When a child is speaking to you, listen quietly.
- Focus all your attention on listening to what the child is saying. Your brain will race to process the information, but internally redirect your focus to listening.
- When the child has completely finished speaking, PAUSE. Give yourself at least 2-5 seconds to thoughtfully consider what he/she has said.
- Compose your response calmly and THEN respond verbally.
- Continue the conversation in this manner, listening carefully to the child and allowing him/her to completely finish what he/she has to say before responding.

Discipline

Most people who work with groups of children or teens would say that maintaining discipline is one of the biggest challenges of the job. It is one thing to discipline one or two children; it is entirely different to maintain control over a group of 20 or more. There are some absolutely essential aspects of maintaining discipline in a relaxed and effective manner.

These include:

Be Consistent – This is the **single most important** aspect of preventing and managing discipline problems. You must establish clear guidelines for good behavior and then stick to them consistently in order to be a good, fair teacher. Appearing to favor some students over others will upset them and cause more misbehavior.

Be Firm and Respectful – Just like adults, children and teens want to be treated respectfully, but that doesn't mean that you should allow them whatever they want. Be ready to tell your students “no” firmly and respectfully when it is needed. Remember, you are responsible for their safety.

Maintain Your Leadership – You absolutely cannot be your students’ friend. You do want to be friendly, but no matter what happens you must always remember that you are in charge. It is natural to want the students to like you, but it is more important that they respect you as a leader.

Give Choices – No one likes to be told what to do. Give students choices whenever possible such as: working on a project or finishing their homework, painting a picture or reading a book, using the computer or writing in their journal, and so on.

Use “Cooling Off” Periods – When students, even older students, are overly upset encourage them to take some time to calm down either by breathing deeply or simply resting for a minute or two. Do this before handling a complaint or argument and it will make finding a solution a lot easier and calmer.

Why Use Positive Discipline Techniques

Positive discipline techniques not only make the day run more smoothly for the Student’s, they make it run much more smoothly for you!

To establish effective respectful control

Acting like you are one of the students, rather than the leader, will end with them treating you as such. In order to make people “follow” you, you must LEAD. To do so, you have to set yourself apart in your behavior and act as the leader. The students will respect and appreciate a good leader more than they will a “friend.”

Many discipline “problems” that arise when working with kids are rooted in two things: **unclear boundaries** and **stress**. The best way to prevent most discipline problems is to use clear, consistent boundaries for behavior that all the children understand.

- **Specific Expectations**

At Stephen F. Austin, we expect our substitute teachers to maintain the same classroom learning environment as the “teacher of record”. We want to make the substitutes’ and the students’ experience a positive and gratifying one. We expect the substitute to follow the teacher’s lesson plans and classroom management techniques/plan left for you.

1. Most teachers will leave notes about classroom policies; be consistent with the teacher’s rules.
2. Students should remain in the classroom unless there is an emergency. Students are very creative about reasons they need to leave the classroom, do not take the student’s word or excuse (check with grade level/team teacher).
3. Leave notes for the teacher about what went on during the day (any problems, where materials are left, etc.).
4. If you have questions during the day, ask the teachers in the grade level.

- **Additional Information**

1. When you arrive at school, check in at the front office with Elma or Susie to sign in and pick up schedule and the classroom attendance sheet.
2. Check to see if you have duty and if so the location and time of the duty.
3. A substitute folder should be located on the teacher’s desk that will contain pertinent information for you. The folder will contain: class lists, schedules, special accommodations, emergency plans, etc.
