With Hold Harmless/Supplemental Payments, the  
district is protected from reduced funding  
for annual needs/operations

Sufficient funding is available to maintain  
a healthy fund balance for the district

**NO Hold Harmless or Supplemental Payments**  
for school district funding to support  
annual needs/operations

**NO protection for the school district**  
to help retain a healthy fund balance

Boost in I&S tax collections resulting from **\$5 Billion** in taxable value thru 2037-38\*

\*This revenue cannot be used for operational costs or to make recapture payments. It is separate from the local Maintenance & Operations (M&O) tax revenue, which funds district operations incl. payroll, instruction, maintenance, etc. The I&S tax revenue is restricted to paying off school bonds (land, construction, etc.).

**= SAVINGS  
for Taxpayers**

What a Chapter 313 Agreement is **NOT**:

**It is not a building permit.**

Other gov't entities manage private land sales and building permits. A school district has no jurisdiction. A company can build **with** or **without** a 313 agreement.

**It is not a "giveaway" of tax dollars.**

With a 313 in place, districts are reimbursed for reduced local taxes by increased state aid, reduced recapture, and/or hold harmless and supplemental payments from companies.

\*See "Terms to Know" on Page 2 for definitions of "Recapture," "Hold Harmless & Supplemental Payments," and "Rollback Elections."

# Chapter 313 Agreements: Gregory-Portland ISD

Summary of Presentation from Moak, Casey & Associates to the G-PISD School Board | January 17, 2017

## TERMS TO KNOW

**RECAPTURE:** Payments made to the State of Texas when a school district's wealth per student exceeds the state's allowable value. G-PISD will begin making recapture payments as early as 2018-19.

**"HOLD HARMLESS" & SUPPLEMENTAL PAYMENTS:** Payments made to a school district when in a Chapter 313 Agreement to ensure the district receives the full amount of funding due to it.

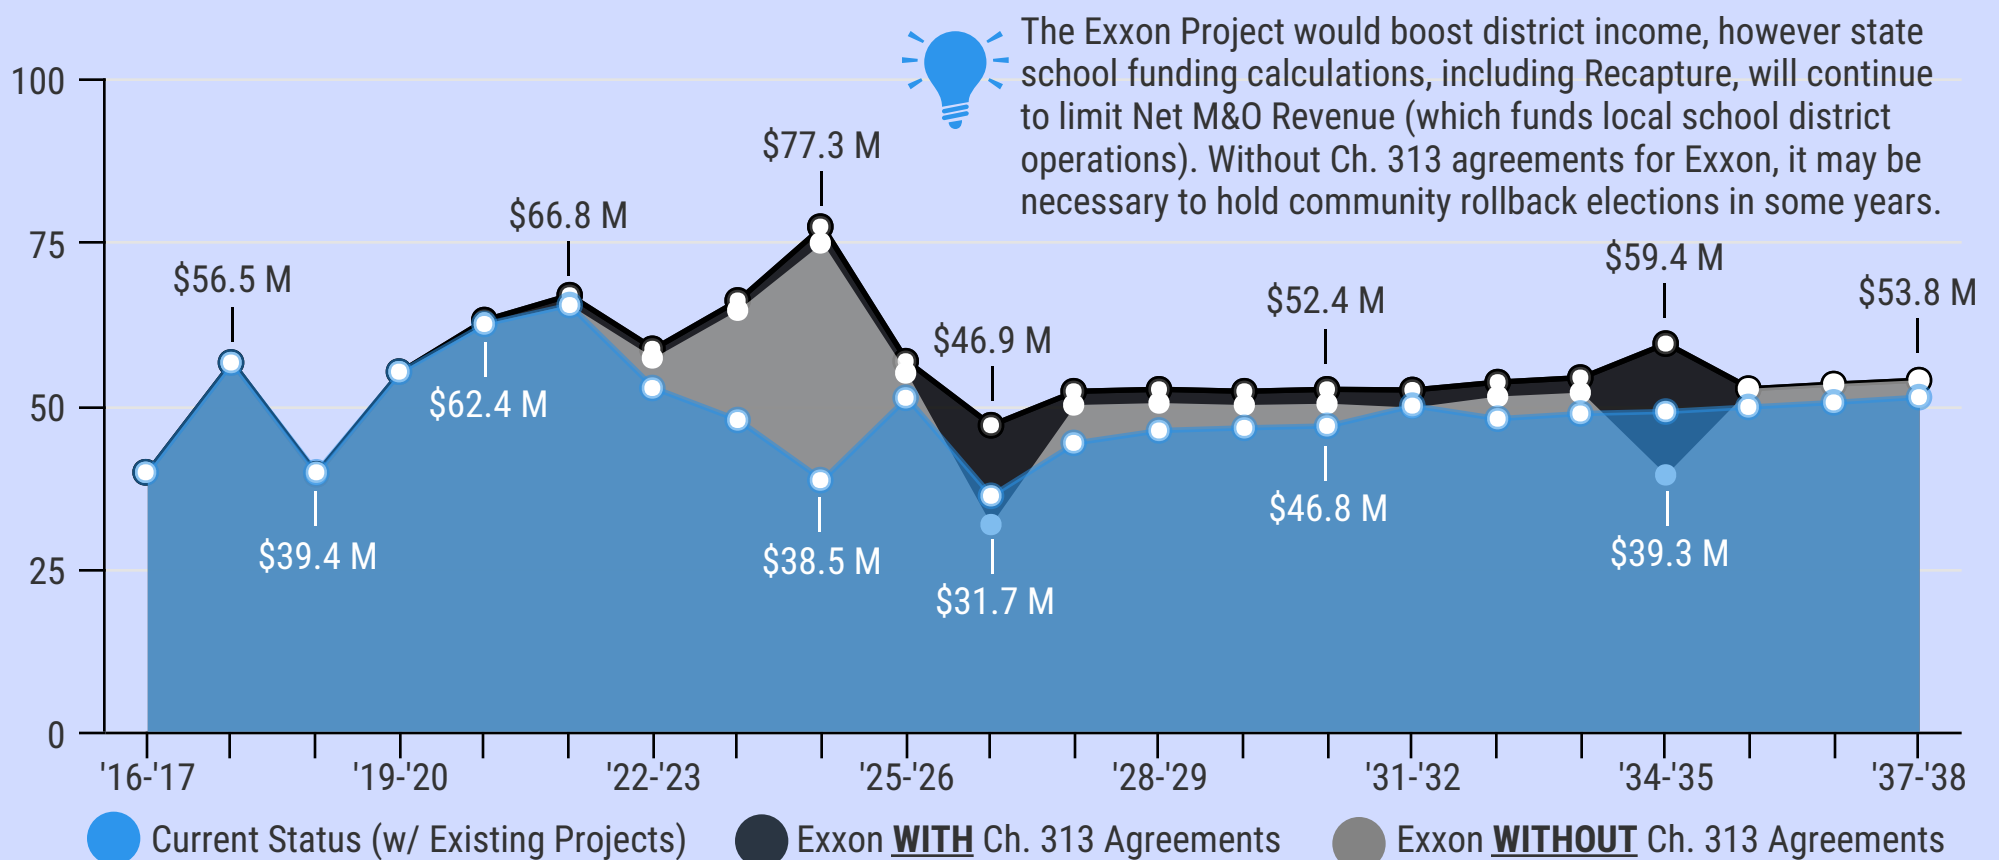

**ROLLBACK ELECTIONS:** When the state funding formula automatically drives M&O tax rate down, it may become necessary to hold a community election to adjust the M&O tax rate to maintain funding for district operations.

## State Recapture Payments by Year (in Millions) thru 2037-38

## Net M&O Revenue, Less Recapture by Year (in Millions) thru 2037-38

(w/ State Aid & Hold Harmless/Supplemental Payments)
