G-PISD Reaches Capacity for Student Enrollment

Gregory-Portland ISD has enrolled more than 1,700 students due to Hurricane Harvey since Friday, Sept. 1st. Today, the school district reached capacity for enrollment at all school campuses. Because of this fact, registration will be closed at this district until further notice. We would encourage parents who may still need to enroll their student(s) to consider the following school districts that are open for registration and in close proximity to G-PISD (list below).

We would like to thank our hard-working staff, as well as staff from some neighboring school districts, who are providing instruction and services at every G-P campus. Special thanks, also, to our parents and community members for their donations and support.
